# 1 Main title

Headings are indicated by non-alphanumeric characters used as underlines under the section title. These can be any of the following characters: = - ` : ' " ~ ^ _ * + # < >

They must be at least as long as the title itself but typically is just as long as the section title itself.

## 1.1 Section heading

If you want to have a sub-section within a section, use a different underline character.

### 1.1.1 Sub-section heading

You can have even more sub-sections with a different character.

## 1.2 Section heading 2

Using the same underline character as used before by a different section title indicates that the current section is at the same level.
